Albany reports fewer arrests since prohibition went into effect

The Wright Brothers have returned to American soil, but they didn't fly over, but took regular first class passage

Why certainly, in a few more years, the rural letter carriers from Dothan will be delivering their mail by automobiles instead of the horse and buggy or motor cycle

The Montgomery Journal thinks it's no trouble at all for Tatt to pick a competent set of men since he wades into the Democratic ranks with such reckless abandon

In selecting the Houston County petit jury this time, the officials seemed to have had better luck than common. This jury is handing out verdicts in a way that will put the criminal element at work, or stretching rope

"Marriage is a game of baseball," says a contemporary. Well, there are sometimes lots of strikes, but after the novelty wears off there are no many home runs on the part of hubby—Drift Armstrong. Well, he may hit to first, to be forced to second, third and home, and by that time he's taking all the "high balls" coming his way

A Chicago girl enjoyed dancing. She had rather waltz around the room than any other kind of sport she ever tried, and she had tried them all. She was of a frail physique, too, and the doctors had warned her, but she went off into a paroxysm of dancing with a bright young man in a dance hall, and kept it up till she was carried from the room in a faint and condition. She died a few minutes afterwards

SCHOOL IS CLOSING

Within a day or two so many schools all over the country will be coming to a close. Some of the children are through in Dothan today, those who made the honor roll regularly, and did

other things a little above the average

When this school closes here it will go down as one of the most successful ever taught in Dothan

No school has ever been taught in Dothan that gave the patrons entire satisfaction. It has been given out on the quiet that none will be taught in the future which will give entire satisfaction to all concerned. But as a whole this school has been run without friction. The school board has done its duty in backing up the superintendent and each teacher, and when this is done, a good school is the result

There was no surplus money to start off with. Patrons went down in their pockets. They saw then that the children were in school every day. Might a few were allowed to stay out on any excuse and but few were too sick. Attendance is good when the patrons know that no child is coming for sickness or staying out of school for other causes. They see that the children put in every day. This shows up well on the averages and the averages are what we are working for

This has always been noted as a good school town. And it is his kind of reputation that has brought so many good families to Dothan solely for the benefit to be derived from the school. This is a good reputation for any town and one to be proud of

You can hunt around a little and find people who will criticize the school. Some don't like the new way of teaching; some don't like the round method as well as the flat, when it comes to geography, but their number is growing smaller each year. Some predicted that when Webster's pocket edition speller was outlawed that the children couldn't spell their names, but those children can spell down their parents the best three out of five

If there's a new way of learning to do a thing quicker and better, the modern teacher finds that way, and it is but fair that it be transmitted to the pupil. We are paying for the best and if the child can learn more in two years under the present strange method, the child should have the benefit of it

Many people have had but few studies when they went to school and forget how much a child has to learn to take the grade schools full

When the children get through in Dothan City schools, if possible they never have an opportunity to go further; they will not suffer in the race for the good things of this life

GENEROUS

"She's awfully generous."
"What does she give away?"
"All the secrets she knows."
—Cleveland Leader

LOVE OF COUNTRY

"What induced you to offer your airship to a rival power?"
"Pure patriotism," answered the inventor with a meaningful wink.
—Washington Herald

What bliss. Ah, it is fine to be married to an officer—such a beautiful uniform and so many decorations!

"Yes, and besides that, he'll have a band at his funeral!"
—Wahre Jacob

Hollan's Colic, Diarrhoea, Dysentery Remedy

After a careful study of the digestive system, that portion of the body that is so sensitive to disease and important to health, into consideration the stomach and bowels, then peculiar relation to blood making which it has itself. This remedy has been prepared from drugs which are reliable and prompt in their action, same time having no after effects which are harmful

Hence in small children to those with inflamed gums and sensitive easily irritated with little force for digestion food going into the bowels causing inflammation and catarrhal conditions from which arise Diarrhoea (trouble at running off), Cholera, and so fatal to the young. In these and allied conditions, stomach vomiting and run in the bowels become a safeguard to the family, for prompt relief to children. It can be given from the day when the condition of the bowels and stomach are in state of irritation from indigestion, taking care of the child, and turning it over this critical period of its existence

It is just as applicable to old children and adults in larger doses in all the preceding diseases mentioned. Besides being prompt in its action in cramps, colic, cholera, from which fatal results often result. It can be taken in full doses and repeated every 15 minutes until relief is given. Invalids and older children if the stomach is charged with undigested food, clear it well with tepid water by vomiting, then give the medicine to quiet and promote rest

Running?

Watch Repairing always has been a hobby of ours to do the Best Work possible

Is it always fast or slow? Never quite on time? Perhaps the watch is capable of very accurate running but it is not in perfect order. You know the tiny mechanism of a watch absolutely demands that each of the dozens of little parts—springs, wheels, jewels, etc.—be just right or good timing is out of the question

"THE GLEANERS."

too soon

And she went, and came and gleaned in the field after the reapers—Ruth, 11-3

To glean the broken ears after the man that the main harvest reaps—Shakespeare

I think an organized Sunday School class would have no fitter name than "The Gleaners," for doesn't it mean "to collect with patient and minute labor", "To gather after a reaper"—and "to collect in scattered parcels" Surely the name suggested by Mr. John F. Thrasher for Rev. W. P. Hunter's Sunday school class in the First Church of Mr. and Mrs. Lillian Crawford. The day came, and a happy group of children and their mothers gathered to the school room of Mr. and Mrs. Crawford was thrown open to the community for the entertainment of the class which is composed of forty-five of Dothan's most prominent married people. The host and hostess received their guests in the reception hall and a cordial greeting was extended to all. Mrs. Thrasher at a pretty table served punch.

The officers of the class are Mrs. W. M. Hunter, President, Mr. W. H. Whaley, Secretary, Mr. Marchman Treasurer. After the business meeting, when the several committees were appointed for the various lines of work which this class propose to assume, a delightful social hour was enjoyed. Mr. Lillian Crawford and his gentle, gracious wife know exactly how to make their guests enjoy themselves and the time for departure arrived only

Mr. Hurt's class expect to do a great work for Dothan, and with him for leader and the capable energetic Mrs. Hunter for President, that they will accomplish whatever they undertake is an assured fact. Mr. Hurt is proud of his class and well he might be for are they not a band of Christian soldiers of God.

Like a mighty army moves the church.

Brethren, we are treading where the Saints have trod.

We are not divided, all one body we,

One hope and doctrine, one in charity.

And they expect their influence to be felt for good.

While the souls of men are dying for a little bit of love.

They will stand not idly by, They will help for they will try.

Saving to them here am I with a little bit of love.

Mrs. M. B. Stevens Entertains the New Century Club

Tuesday afternoon at three thirty Mrs. Stevens was hostess for the New Century Club, when the following program was rendered:

Roll Call, answered with quotations.

The Courtship and Life of Robert and Elizabeth Browning—

Reading—A Tale and Historical setting of Henry Reid. Mrs. Will Flowers.

Rhyme of "Duchess May"—Mrs. Ellison.

Reading—"My last Duchess"—

Mrs. E. R. Malone.

Paper—Child life in England—

Mrs. Craig.

Reading—The city of the children.

Mrs. D. C. Lee.

Mrs. Howe is visiting Mrs. Will Flowers. Mrs. Howe gave many interesting features of child life in England, she having spent some time in that country.

she could substantiate the facts brought out in Mrs. Craig's paper.

Mrs. Stevens was assisted in her paper by her mother, who served punch in the reception hall.

There will be a meeting with Mrs. John Flowers for the purpose of electing officers for the next year.

Mrs. Albert King Hostess for the Embroidery Club

Wednesday afternoon at three thirty, Mrs. King entertained delightfully for the Embroidery Club at the home of Mrs. Walter Watford. Every member except one was present on this happy occasion. Mrs. King was assisted by her mother, Mr. H. Watford and sister Mrs. Walter Watford in receiving her guests and serving an elegant course luncheon.

The interest of art should be inculcated in the minds of the children in our schools at an early age, and, it is necessary, for this purpose to have works of Art in the school buildings. The children would then become familiar

with the master works of Art, seriously, what is true and good and beautiful. There will be open at the McKinzie building on N. Foster street, May 19, 20 and 21st, the most notable Art Exhibition of its size ever held in our vicinity. It will attract every parent and child and all friends of the Dothan Schools. This event will be a notable one, for it will be a revelation of the exceeding beauty and distinction of good pictures for the school room and the home.
